Fincom & Selectmen say: Build High School Now

The Wilmington School Committee was informed last Thursday (Sept 14) that the Finance Committee and the Board of Selectmen support the building of a new high school, immediately.

The chairmen of the two boards so informed the School Committee at their regular meeting in the Roman House.

The Finance Committee decision had been made the night before, at which four members of the Board of Selectmen were present, Cairra being absent. Under discussion was the situation as it had been presented three days previously by the School Committee, with the proposed purchase of land northerly of Salem Street being proposed, for school purposes.

The Finance Committee members voted, the school board was told, that the town should build a new high school while the present state re-imbursement system was still in effect. At the present time the state pays a total of 65% of all new building costs for schools, both principal and interest.

It was the opinion of the Finance Committee that the 65% re-imbursement might not be available much longer.

WILMINGTON'S FINANCE COMMITTEE TACKLES THE SCHOOL PROBLEM: In the Town Hall, a week ago. Facing the camera at center is chairman Arthur Spear. At left are Mrs. Madelyn McKie and Richard Cogan. At right are Richard Duggan and (nearest the camera) Christian Bachman.

The vote of the FinCom, to which the four Selectmen present signified their accord, was in favor of a new high school, rather than add to the presently existing buildings. It was felt that the re-imbursement for such a program might be lower.

The Monday before, in a joint meeting of the School Committee, Selectmen and Finance Committee the arguments were again reviewed by the boards, and the

Selectmen and Finance Committee shown the plans of the land northerly of Salem Street which it is proposed the town purchase.

The School Committee, in its previous discussions, has said that if the town should vote to build a new high school the present building, on Church Street would then become a school for seventh and eighth graders, and the present Intermediate Schools would then become grammar schools.

The feeling of the School Committee is that such a program would last the town for building needs for many years.

Everyone was all smiles with voting Machines

Mrs. Wavie Drew, for many years a Selectman of Wilmington, was always against the use of Automatic Voting Machines, in Wilmington. She was afraid that the voters would become confused, and she declared an affection for the old paper ballot.

Mrs. Drew came out of the polls Tuesday all smiles. She liked the machine. She had found it easy to use.

So had 2236 other voters. The Town Clerk and her crew had all the votes tallied by 10 p.m., two hours after the last vote was cast, and everything was locked up by 10:30 p.m. Tuesday.

Last April, before the twenty five voting machines came to Wilmington, there were 105 booths

for the voters, in the Primaries. And it took the workers until 8 a.m. the next day, to count all the votes. So Mrs. Drew was not the only one who was happy about the voting machines.

Town Clerk Esther Russell says the twenty five voting machines are so that there will be one machine for each 300 voters.

CAMPFIRE-BLUEBIRD LEADER-SPONSOR MEETING
The first Leader-Sponsor meeting for all Campfire and Bluebird leaders will be held on Tuesday evening, Sept. 26th at 8 o'clock in Fellowship Hall in the Wilmington Methodist Church. The meeting will begin the 1972-73 year for Campfire.

THE SMILE OF VICTORY: Tewksbury's Frank A. Antonelli is visibly all smiles, Tuesday night, when he learned that he had captured the Democratic nomination for State Representative for Tewksbury.

IT WAS A LIGHT VOTE

1834 Democrats and 403 Republicans cast their ballots, Tuesday in the Primary Election in Wilmington. This number included the absentee ballots, and constitutes 27% of the eligible voters.

There was never a real crowd, except when a clown telephoned about ten am to say there was a bomb in the school. Then the crowd was of students and teachers, who were evacuated. The voters paid no attention. They arrived, voted, and left while the firemen were searching the building.

The surprise to many voters who cast a Democrat ballot was that Larry Carr of Wildwood Street was a candidate for nomination as Governor's Councillor. Mr. Carr received 1088 votes, in spite of his nothaving had any advance publicity. Rep. Fred Cain, as could be expected, topped the Democratic ballot, with 1106 votes. His opponent, Lee

Harrington, had a very respectable 564 votes. The next in order was John J. Droney, candidate for Senator in Congress. Mr. Droney had 909 votes. Lynch received 221, and O'Leary 445.

In the Congressman race John Kerry easily out distanced all his competition, as the Town Crier predicted he would do. Kerry received 871 votes in Wilmington. His nearest competitor was Robert Kennedy of Lowell who got 208. Anthony DiFruscia was the only other candidate to get over 100 votes, 154.

William H. Shaughnessy of Woburn defeated Frank Hassett, in Wilmington, for nomination for State Senator. The Woburn alderman was the choice of the District Democrats, to face Senator Ronald MacKenzie in November.

In Wilmington Shaughnessy received 724 votes and Hassett 618. The Republican ballot had very few races, only for Congressman and for County Commissioner.

With the 403 voters who cast Republican ballots, U.S. Senator Edward Brooke was the favorite. He received 348 ballots. There were four positions without opposition, on the Republican Ballot. State Senator Ronald MacKenzie and William A. Barnstead of Arlington, candidate for County Treasurer, tied for second place, with 330 votes each. James R. Miceli, candidate for State Representative, came in fourth with 312 votes.

In the Congressional contest Paul W. Cronin, who received the county-wide endorsement topped the ticket in Wilmington with 268 votes. Mrs. Ellen Sampson of Lowell was second, with 66.

The other contest was for County Treasurer. William R. Morrison of Belmont topped this, with 227 votes. Sherry Jenkins of Weston received 209 and Ed Mattar of Newton 110.

Antonelli wins Democrat Primary by 569 Votes

Frank A. Antonelli won the Democratic primary race for state representative for Tewksbury Tuesday when he defeated Frederick H. Baldwin Jr. 1919 votes to 1350.

Antonelli, 48, a father of six, is a town selectman, administrator of the Father Coppens Council of the Knights of Columbus and part-time employee of R.J. Antonelli, Accounting, his brother's firm.

Elected to the Board of Selectmen five years ago after a 1965 defeat for that office, Antonelli was on opposite sides of most questions with Baldwin since the 26-year-old Baldwin joined the board in 1970.

Antonelli will face Independent Paul J. McAskill in the November elections to fill the seat of Kevin C. Sullivan. Sullivan successfully defended his seat against Antonelli in 1968 by a narrow 90 votes.

Teeming, cold rain kept the turnout to 36 percent of the town's 10,269 registered voters. The 3,372 Democrats who went to the polls outnumbered the town's 414 Republicans who appeared by an 8-1 margin. Political experts had expected at least a 60 per cent turnout until the rain began falling.

The Democratic turnout was higher in percentage than the G.O.P.'s. With 3,944 registered Democrats in the town August 1, 3,372 Democratic ballots were cast Tuesday. A total of 1,332 Democratic ballots were cast in Precinct 1, where 1585 Democrats were registered; 967 in Precinct 2, where 1207 were registered, and 1073 in Precinct 3, where 1152 were registered.

Few G.O.P. Votes
The Republican primary, in which many offices were uncontested, drew a lower percentage of Republicans. In Precinct 1, 164 ballots were cast where 402 Republicans were registered August 1; 88 in Precinct 2, where 186 were registered, and 162 in Precinct 3, where 390 were registered.

The total of ballots cast for candidates for both parties is an indicator of interest in party races, though not an entirely accurate one. Many independents or members of opposite parties will vote for a party's candidate for various reasons.

Antonelli said when the polls closed that Precinct 2 was the political barometer or the town. That was the first precinct reporting, and the count was 605 to 334 in Antonelli's favor. News of the Precinct 2 victory brought a roar of applause from the 130 Antonelli supporters who gathered at his headquarters at K of C Hall on Main Street.

Wins All Precincts
Then Precinct 3 came in at 10:30 p.m. with Antonelli winning 546 to 478. When the last precinct in town, Precinct 1, reported at 11:15, it was 768 to 538 in Antonelli's favor.

K. of C. Hall went mad with the news, with Antonelli supporters producing deafening applause and a round of embraces and clinking glasses as a flood of balloons fell from the ceiling.

A few minutes later, Antonelli, who had spent the latter part of the evening at home with his family, appeared amidst a rush of handshaking and back-slapping supporters.

Feels Honored
He thanked his family and supporters for their work on his behalf. "It wasn't my victory, it was the people's victory," he said. "It is a great honor for me and I am sure everyone is going to help me carry the banner for the next few months."

Antonelli closed his brief speech by referring to Baldwin. "Freddie conducted a good honest campaign, and I think the campaign we conducted was a credit to the town of Tewksbury."

Baldwin's election loss marked his second disappointment in 24 hours. About midnight on Monday, his wife Ellen suffered a miscarriage. Her husband nevertheless took the defeat well. At 11:45 Baldwin left his headquarters at the Tewksbury Veterans Association Club on Shawheen Street and went to K. of C. Hall. Shaking hands with Antonelli, he told the gathering, "It was an excellent campaign, and we all tried our hardest."

Baldwin Campaign
Baldwin, who freely admitted he was not a good public speaker, based his campaign on advertisements he prepared himself for newspapers and a newsletter he

sent to 4800 families. Antonelli ran a campaign that covered every base. He and his family went door to door visiting voters, and they and supporters passed out fliers to shoppers. His organization ran an intensive campaign to get out-of-town students to file for absentee ballots.

Political experts early in the campaign predicted Antonelli would win the race for the representative's seat, but in August his supporters feared his name was linked too much to Selectman Charles H. Goldstein during the police controversy.

Goldstein Link
Goldstein made several allegations of brutality and improper procedures by town policemen and called for a hearing to investigate allegations against one patrolman and an investigation of the Police Department.

Although Antonelli never made any anti-police statement, he joined with Goldstein in voting for the hearing and investigation. He said the selectmen owned it to the town to determine the truth or falsehood of the allegations, most of which Goldstein later retracted.

Other Races
In other races, the town took a different tack from most in the Congressional District and county on several offices, but followed trends in other races. While John P. Kerry captured the Democratic nomination for Congress in the Fifth District, Paul Sheehy was the victor in Tewksbury. Sheehy got 921 votes to Kerry's 910. John J. Desmond was third in the town with 414 votes.

Paul Cronin won the Republican nomination for Congress in the Fifth District. He was the victor in Tewksbury with 199 votes to the 154 won by Ellen Sampson.

Droney Wins
John J. Droney, the victor for Democratic nomination for U.S. Senate was also the winner in Tewksbury. He got 1908 votes to his nearest rival, Gerard O'Leary, who got 833. Republican U.S. Senator Edward W. Brook ran unopposed.

The Register of Probate race saw 1435 votes cast for Democrat John Harvey as opposed to his nearest Democratic rival Francis Harrington who got 825.

In the race for two county commissioners' seats, a slate of Democratic reform candidates met mixed results in Tewksbury.

Paul E. Tsongas, the county frontrunner, was victor in the town with 1687 votes. John F. Dever Jr., who ran third in the county, was second in Tewksbury with 935 votes. Tsongas's running mate, S. Lester Ralph, second in the county, was third in the town with 903 votes.

In the Republican race for the same two positions, Sherry Jenkins, who ran second in the county total, was first in Tewksbury with 238 votes.

William Morrison, frontrunner in the county, got 235 in Tewksbury. Incumbent Thomas Brennan, the Democratic winner for County Treasurer, was also victor in Tewksbury with 1377 votes to the 946 of his nearest rival, Paul Counihan. William Barnstead ran unopposed in the Republican race for the same office.

In the race for the Governor's Council, Democrat Thomas Lane was unopposed, as was Republican Thomas Lalli. Democratic State Sen. William S. Wall was also unopposed for renomination, and no Republican entered the primary to face him in November.

ONE-DAY SEMINAR BY MASS ACLD

The Mass. Association for Children with Learning Disabilities, Inc. will conduct a one-day seminar on Saturday, Sept. 30th, beginning at 11 am at the Hudson High School on Brigham St., in Hudson, Mass. The session will conclude at 4:30 pm.

The seminar is being offered in an attempt to provide helpful information to parents and teachers of youngsters with learning disabilities.

The admission fee will be \$2.00 for members of Mass. ACLD and \$3.00 for non-members. Free coffee and doughnuts will be served in the cafeteria at 12:30.

Cross country tops Shawsheen

Last Friday the Wildcat cross country runners met Shawsheen Tech in a practice meet and came out with five of the first six finishes. Four of those first six running the 2.7 mile course were sophomores. The Jayvees also did well, taking the first seven places. Doug Spring (14:36) won the varsity runners in while teammates Carl Abell (15:03), Larry Singlas (15:17), Ian MacInnis (15:22) and Mark Blaisdell (15:23) ran 3,4,5, & 6. Others finishing in the top ten were Jim Murphy, Pete McNaughton and Chris O'Connell.

HOCKEY COACHES APPOINTED

The Tewksbury Recreation Commission Tuesday night appointed three of the four coaches needed for the Recreation Department's two hockey teams.

Robert Doughty was reappointed head coach of the Bantam A team. Edward Doherty was reappointed as his assistant.

George Green was appointed head coach of the PeeWee A team. The commission appointed Recreation Director Frank Flanagan as temporary assistant to Green until a volunteer can be found who is both qualified to work as assistant coach and has the time available.

The commission also gave the nod to John Kane to continue as figure skating supervisor.

Wilmington Pop Warner

THE WILMINGTON POP WARNER "A" CHEERLEADERS: Doing their thing, during the recent game with North Reading. The girls include: Julie Briggs, Cathy Towle, Franine Scarano, Barbara Molten, Landra Webster, Gail Smith, Lydia Nolan, Donna Richard, Denise Dorval, Debbie Silverstri, Donna Beganis, Marcelena Catalano and Brenda Burns.

CHARGERS ROLL TO SECOND STRAIGHT

The Charger "A" eleven scored at will last Sunday afternoon trouncing Methuen, 48-12 in their second Merrimack Valley League encounter.

Following the opening kick off Coach Barry's squad took over at the Methuen 30 yd line as the Rangers messed up a punt attempt. Three plays later Bob

Aprile scored his first of four td's of the day on an 8 yd sweep around right end. The conversion attempt failed and the Chargers were up, 6-0.

Moments later Tom Gillis recovered an errant Methuen lateral at the Rangers 26. Two plays after the recovery Aprile skirted left end ten yards for a touchdown. Dave Rounds added the conversion to make the score, 14-0.

In the second quarter the Chargers upped their lead to 26-0 on Aprile's 55 yard romp up the middle and a 23 yd pass and run play from quarterback Jimmy Stewart to halfback Dave Rounds.

Three second half touchdowns by Aprile (34 yd. run), Dave McMillan (20 yd. run) and Rounds (37 yd. run) put the game out of sight for the Chargers.

The "B" team registered their initial win of the young season in the prelim shutting out the younger

Rangers, 8-0 on the strength of a 45 yd pass interception by Mark Peabody, which was run in for the lone score.

This Sunday at the High School field the Chargers make their seasonal debut at home hosting Billerica in a key MVL encounter. Kick-off for the A-B twin bill is listed for 12:30 pm.

Coach John Rose's young Pee Wees (C group) also will be in action this weekend traveling to Watertown Saturday morning in Northern League clash.

Soccer

WILMINGTON SOCCER TEAM EDGED ANDOVER

The Wilmington soccer eleven edged Andover, 2-1 last week in the rain and mud are now sporting a 2-0-0 slate. This was a strong team effort as the Wildcats defeated the Golden Warriors for the first time. Dave Maloney opened the scoring at 7:34 of the opening frame with Ralph Decker and Bob Swisher assisting. Decker made it 2-0 at 4:14 of the second stanza on a direct free kick. Andover's lone goal came on a penalty kick in the third period.

Chuck Woods turbed in another good performance in the goal to preserve the win. Tuesday afternoon's clash at Lynn Classical was postponed and will be played at a later date.

This afternoon the Wildcats host undefeated Danvers (2-0-1) in a 3:15 clash at the No. Intermediate field.

Lions will be knocking October 1st

The Lions of Wilmington will be knocking on your doors during the week of October 1st. This is the time of year when every Lion will be walking the streets of Wilmington and approaching everyone to purchase electric light bulbs, brooms or towels. Once again, the selection of bulbs will please every buyer. Every package will contain, 60, 75, and 100 watt bulbs that have been manufactured by a reputable firm. If you have enough bulbs, the Lions will have available for purchase an excellent broom. Every purchase of a broom will fulfill two very worthwhile purposes: You will be helping the blind who made the broom and you will be helping the Lions to raise money to help the blind through research and directly, in some cases. The broom is a product of the Division of the Blind of the Commonwealth of Mass. and will sell for \$2.00.

Bath towels will also be available. They are made by a well-known firm and come in yellow, pink and green. They will also sell for \$2.00 a package. In the past, persons who were not Lions have been knocking on doors or calling by phone in advance of the Lions drive, selling bulbs. Please ask for positive identification if anyone knocks on your door or calls you trying to sell light bulbs.

Wilmington boys' flag Football

The Wilmington Recreation sponsored Flag Football program for boys got under way Monday night at Town Park with a pair of contests. Four clubs will be in action every week through November with each club playing nine games.

In the seasonal opener the Rams came from behind to defeat the Mad Dogs, 15-6 while the Vikings and Cowboys fought to a 6-6 tie. Tom Stewart scored the initial td of the season to give the Mad Dogs an early 6-0 lead over the Rams. But Steve Welch knotted the score with some fine running late in the first half. On the final play of the half Mike Micalizzi tackled a Mad Dog halfback in the end zone for a safety and an 8-6 Ram lead.

Steve Welch scored again in the second half and Steve King made good on the conversion attempt to provide the Rams with their final margin of victory. In the rite cap Eric Wood put the Vikings ahead 6-0 early in the second half on a 34 yard sweep around left end. However, the Cowboys' Steve Woods intercepted an errant Viking aerial late in the game and proceeded to run it back for the game tying td.

Next Monday the Cowboys clash with the Mad Dogs at 6 o'clock followed by the Vikings-Rams encounter.

MIKE ESPOSITO: Of the Boston College Eagles had 59 yards in 12 carries, in addition to a couple of good trick returns in a game last Friday night against a good Tulane team. BC lost the opener 10-0, and next Saturday plays Temple. In this shot, Mike, number 26, prepares to block for QB Meragalis, who is dropping back to pass.

Wildcat eleven opens season Saturday

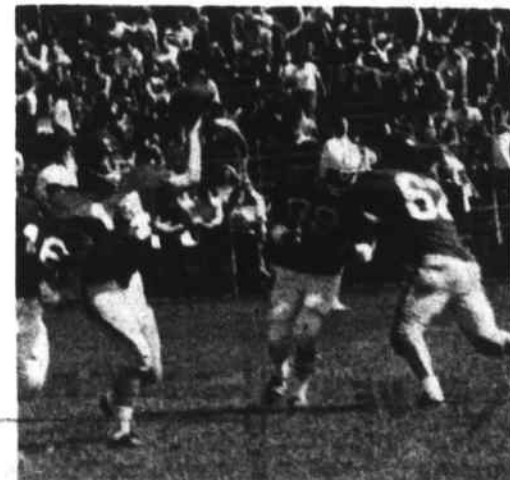

Coach Bellissimo's varsity football eleven travel to Andover Saturday afternoon for a 1:30 clash with the Golden Warriors in an MVC encounter.

With a veteran line and an untested backfield the Wildcats could classify as an unknown in the battle for the conference crown. Lettermen returning from the 1971 squad include tri-captains Paul

Olson, Leo Campbell and Alan Jansen along with Steve Coursey, Dean Devlin, Bruce McMillan, Bob Scarano and Jack Halloway, Steve Coursey.

The probable starting lineup for the seasonal opener:

LE-Doug Stewart
LT-Alan Jansen
LG-Leo Campbell
C-Jack Halloway or Dan Daniell
RG-Paul Olson
RT-John Virtus or Bob Scarano
RE-Jim McNally or Tom Woods
QB-Steve Coursey
HB-Dean Devlin
HB-Paul Fitch or Bob Bavota
WB-Bruce McMillan

QUARTERBACK STEVE COURSEY: Lets one go in last Saturday's scrimmage against Billerica. Running interference is Paul Olson (62).

Wilmington youth golf Day

The Wilmington Recreation Department has available for the youth of Wilmington ages 9 years and over, Golf Day at the Garden of Eden.

The event will take place on Saturday, Sept. 23 and you must be at the golf course ready to tee off promptly at 7 a.m.

Participants must provide their own clubs and golf balls and the fee will be \$1.00 for 9 holes. For further information, call the Rec. Dept. at 58-6512.

CARD OF THANKS

THANK YOU TO A THIEF
Just to let you know, whoever you are, that because my husband and I spent all day Sunday working for Pop Warner Football to give other peoples' sons a chance to play football our own son had to take his bike to work and you felt it necessary to take something that another person has worked for. You will never know the hardship and unhappiness that you caused this young man who is helping pay for his education by doing honest work. Why don't you try it?

I COULD SCREAM

Two weeks ago the Wilmington League of Women Voters had a candidates night, in the High School. It was well attended, and there were a lot of candidates, nearly all those who were hopeful for Congress.

Most of those hopefuls are now has-beens. John Kerry, who won the Democratic nomination for Congress was there, as was Paul Cronin who won the Republican nomination, and Roger Durkin, the Independent, who will also be on the ballot in November for election to Congress from the 5th District.

Mr. Durkin who made the shortest speech of the evening, in an answer to a question. It was one word - "no".

The three Wilmington candidates, Rep. Fred F. Cain, Leo Harrington, and James R. Miceli, occupied the spotlight for a few minutes in the Representative to the General Court contest.

Cain and Miceli, it turns out, will occupy the spotlight in November. Mr. Harrington did well, but not well enough.

Mr. Cain opened the discussion by stating that he would reply to the notice of Mr. Miceli, about a debate, after the primary elections. It was not, at that time, proper to hold one, he held.

Mr. Cain's principal talk was of the things he had been able to do for his district - Wilmington and North Woburn, and of the things now in process for the district.

Mr. Miceli created a surprise of sorts by attacking the insurance business. Mr. Miceli, until very recently, was a district manager in Lexington for a jamor insurance company, and suddenly changed to another firm.

There were some valid points in what he read from his prepared statement. It was funny to watch the performance, for unknown to Miceli, Cain was behind him, waving a copy of his "newspaper" and pointing out to the audience that he had been fighting the insurance industry for years.

But the block buster of the evening was from Mr. Miceli. He told the League of Women Voters that he was the man who had built

WILMINGTON SCHOOL CAFETERIA MENUS
Walker, Whitefield, Swain and Buzzell Schools

Monday: Sloppy Joe on Buttered Roll, Fluffy Rice, Wax Beans, Toll House Square and Milk

Tuesday: Cheeseburger on Buttered Roll, Potato Sticks, Whole Kernel Corn, Fruit and Milk

Thursday: Sloppy Joe on a Bun, Buttered Mixed Vegetables, Fruit Brownie and Milk

Friday: Krispy Fish, Catsup, Whipped Potato, Buttered Green Peas, Rolls and Butter, Ice Cream and Milk

the Wilmington Public Library, and that he took considerable pride in this fact. The statement couldn't have been read at a worse place or time. It fell flat. There was an absolute silence on the part of the ladies.

Five years or so in the past Mr. Miceli was one of half a dozen persons who had an article in the Town Meeting for the erection of a new Town Hall. The then Town Manager, Mr. Miceli, and a couple of other persons thought that the town wanted one.

The League of Women Voters decided that a new library was more important, and every time that the Town Manager, or Mr. Miceli, or someone else stood up to tell the Town Meeting why the town needed a new town hall he would be answered by a lady from the League who would stand up and say, simply: But we need a new library.

The vote for the town hall was defeated, decisively. As a result the building program swung to the building of a library. The ladies who were in the High School two weeks ago know what the story was, and when Mr. Miceli said that he had built the library he was talking to an audience that could not appreciate that kind of tale.

No one said a thing, until after they had left the building. Then one of the ladies said "I could scream!"

MEDIC ALERT

The Tewksbury Rotary Club has offered to enroll any Tewksbury child with hidden medical problems in the Medic-Alert program at no cost to the child or his parents.

Medic-Alert provides a medical protection service for persons with hidden medical problems. The service has repeatedly prevented tragic or fatal mistakes in the course of administering aid to these persons.

Persons having hidden medical problems such as allergies to antibiotics or a host of other difficulties are given bracelets to wear. Engraved on these are a note identifying the wearer, his hidden medical problem and the phone number of the Medic-Alert headquarters in Turlock, California, which is open 24 hours a day to accept collect telephone calls.

The Tewksbury Rotary Club will pay the Medic-Alert service in hopes of preventing unnecessary tragedies. Persons with an eligible child should contact Ralph Joesslyn at 658-2889 for information and a free sign-up.

ST. THOMAS CHURCH

Rectory phone no. 658-4665.

Masses: Sunday Vigil at 5 and 7:30 pm on Saturday; Sundays at 8:15, 9:30 and 10:45 am and 12 noon; Weekdays at 9 am.

Baptisms: On the first and third Sundays of the month at 2 pm. Rehearsal the night before in the Church basement at 8:30.

one, it will be coming up on December 8th and 9th.

CCD Registration: For grades 1 thru 12 will be held downstairs in the church after all Masses on Saturday and Sunday, September 16th and 17th and on Monday evening, September 18th from 7 to 9. Tuition will remain the same - \$5.00 per family.

Parish Property: Groups requesting use of parish properties must do so by Saturday noon of the previous week.

The Bulletin: Notices intended for the bulletin should be by Friday noon.

Youth Center: The Youth Center will reopen for the sixth year only if enough members and adults would be willing to promote properly its social and recreational purposes. More interest and assistance would be a must.

Ladies: If you have any bits of left over yarn - no matter how small, will you please put it in a bag with your name and bring it to the Rectory as soon as possible for women to use for the knitted goods table at the Bazaar.

First Baptist Church of Tewksbury

Telephone 851-6575 or 851-6406.

Sunday, Sept. 24th: 9:55 am, Family worship and church school. Nursery provided in Parish Hall.

Sermon: "Jesus Condemned No Man"; 11:41-30, Coffee Hour.

Wednesday, Sept. 27th: 3 pm, God and Community Class.

Friday, Sept. 29th: 7 pm, Boy Scouts, John Clarke, Scoutmaster.

Wednesday, Sept. 4th: 3:45 pm, A Discipleship Class for those considering a commitment to Jesus in Christian Baptism will commence.

Special Report

"We don't have all the answers but we can get them. And we can provide concrete information instead of speculation."

That's how its director describes the state's Student Service Center, a first-in-the-nation bid to help Massachusetts students help themselves.

Rene Bouchard, who supervises phone-answering activities and research efforts at the Center's Boston locale, hopes to aid pupils throughout the state in improving their schools.

"Our first order of advice is to go with the current policy and try to change it," he says. "We give them examples of how new ideas have been introduced in other districts."

Drug and "open campus" questions predominate as the Center starts its second full academic year.

"There's a great deal of student interest in alternatives to present education," says Mr. Bouchard, "and there's no doubt that the kids are more than willing to work with in the established framework."

"They really want the same thing as the professional educators and the taxpayers - better schools."

Does the Center clash with established ways of doing things?

"There are some misconceptions about what we do," says Mr. Bouchard, "but nearly

everyone wants to involve students more and more in their own education."

The drug issue seems to be a sticky one for a state agency to handle, but the director notes good police and school administration cooperation with students' efforts to establish drop-in centers and arrange special seminars on the drug problem.

A look at the Center's log of calls shows a wide variety of inquiries: on scholarship data, on "humanizing" the school process, on "free schools," on wilderness survival programs, on newspaper censorship regulations and - finally - the inevitable inquiry about haircut regulations.

If Center staffers - themselves high school students paid by the hour - can't answer questions on the spot, they research the matter and call back or refer the caller to another agency.

Center hours are 9 a.m. to 5 p.m. Mondays through Fridays. The Boston number is 1-727-5757.

Mr. Bouchard notes that students can also make appointments to come in and chat about their problems, although he concedes this is a big order for pupils in the western part of the state.

So he hopes to start a Springfield branch shortly - with the same kind of student help that led to the Center's establishment in Boston in 1971.

by Bill Kirtz

SELECTMEN QUESTION POWER LINE ORDER

The Tewksbury Board of Selectmen Tuesday night agreed to draft its own order permitting a 345 kilovolt line to run across town streets.

The action came after it was discovered the order allowing the line, as drafted by New England Power Co. and due to be signed by the selectmen, would allow construction of more than the board approved.

Orders allowing power lines and similar utilities are usually drafted by the utility companies after approval by municipal governments and then signed by town officials.

Chairman Joseph J. Whelan said he and Executive Secretary Ruth Aubert found the power company's draft would have allowed the firm to string 15 lines on poles which would cross the town.

The selectmen considered Whelan's recommendation and all other town business in a lightning eight minute session, the shortest selectmen's meeting in recent town history. The brevity was due to election night activities.

"No one mentioned any more than four lines during the hearings," Whelan noted. He noted those four would include three above-ground and one underground.

Whelan said he didn't like a provision in the firm's draft that called for wires a minimum of 30 feet off the ground instead of the 60 to 70 feet mentioned at the hearings.

He also noted the draft lacked a guarantee no line would be closer than 100 feet from private homes, a condition the selectmen required in return for granting permission. Whelan explained that the draft was written before the selectmen required the 100 foot guarantee.

The other selectmen also present, Frank Antonelli and Donald E. Sheehan, agreed the board should draft its own order allowing only the four lines and other safety guarantees agreed to in approving the lines.

They also agreed the order should refer to a specific, numbered map of the lines shown to the board by power company officials, and another numbered map of trees allowed near the line as also shown to the board.

At the Sweetheart Plastics Picnic

HAVE A HOT DOG! All the goodies were free, Sunday at the Sweetheart Plastics Family Picnic. Above, two young ladies who were handing out hot dogs, Mary Napolitano of 10 Lawrence Street, Wilmington (left) and Loretta Daniels of 93 Salem Street. Below is the Walking Ice Cream Cone, but seen from the side. She is Marie Malmsten of 2 Wing Road.

SHAWSHEEN TECH SEEKS SUBSTITUTES

Shawsheen Valley Technical High School is seeking applicants for substitute teachers for the school year.

Substitutes are needed for English, Science, Math, Social Studies, Secretarial Science, Physical Education, Auto Body, Automotive, Machine Shop, Metal Fab, Electrical, Electronics, Drafting, Culinary Arts, Chem Lab, Carpentry, Distributive Education and Technical Illustrating.

Interested qualified individuals should make application to the school at 100 Cook St., Billerica.

SCHOOL COMMITTEE APPOINTS

NEW EDUCATORS
The Tewksbury School Committee September 13 appointed two new teachers to the school system and ratified seven tentative appointments made by Supt. John N. Wynn since the committee's last meeting.

New teachers appointed include John Beuchler of 37 Cottage St., Cambridge, and Deborah T. Howe of 66 Summer St., Andover. Beuchler earned a B.S.M.T. from Wentworth College in 1972, and will teach industrial arts. Deborah Howe earned a B.A. at Colby College in 1967, substitute taught French in Texas and summer school at Tennessee State University. She will teach foreign languages part-time.

The seven appointments ratified by the committee include Deborah Burns of 11 Saddle Club Rd., Lexington. A 1972 graduate of Boston University with a B.S., practice taught trainable classes and grade 2 in Burlington and Lexington. She will teach a trainable special class.

Rita Crosby of 23 Norsemann Ave., Watertown, will teach elementary classes. She is a 1972 graduate of Lesley College with a B.S. Ed., and practice taught grades 2 and 3 in Lexington and Boston.

Louise Martel of 116 Nesmith St., Lowell, earned a B.S. Ed. from Anna Maria College in 1969. She will teach elementary classes, and taught grades 4-7 in Rhode Island, Newton, Northbridge and Millbury.

Linda Novelli of 28 Central St., Gardner, will teach reading at the Junior High School. She earned an M. Ed. at B.U. in 1968, and taught English and reading in grades 7 and 8 in Leominster and Gardner.

Paul B. Taylor of 7 Myrtle St., Stoneham, will teach physical education. He earned a B.S. at the University of Massachusetts in 1971, and substitute taught physical education in Tewksbury, Stoneham and Lexington.

Roger L. Young of 17 Green St., Milford, will teach distributive education. He earned a B.S. Ed. at Salem State College in 1971, and has experience in distributive education in Douglas.

Diane Moffat of 15 Adams St., Lawrence, will be a teachers aide. She attended the Chamberlayne and Northern Essex schools, and was a teacher's aide in the Storrow School in Lawrence.

New Melrose-Wakefield Officers

Arthur Dickinson

Donald Washburn

Donald R. Washburn, a Loan Officer of the Melrose-Wakefield Trust Company has been appointed Manager of the Bank's new Reading Center Office. Assisting him with management duties is

GARY BURT

TO ATTEND NORTHEASTERN
Gary C. Burt, son of Mr. and Mrs. Charles F. Burt of 4 Carson Ave., Wilmington will enter Northeastern University in Boston this month.

Gary, a 1972 graduate of Wilmington High School will major in Biology.

TEWKSBURY GARDEN CLUB
The Tewksbury Garden Club held its first meeting of the season at the home of Mrs. Donald Roy, 95 Rounsvelt Road. Members participated in a perennial swap with home gardens supplying the materials to enhance next year's gardens with new and varied color.

Plans were made for the monthly programs and Ways and Means Chairman, Mrs. Richard Marcucci informed the members of the workshop schedule planned and materials needed to prepare for the second annual Christmas Boutique Sale.

Mrs. Roy, hostess, served refreshments provided by the Hospitality Committee and Mrs. J. Scott Loyall created the centerpiece of white, yellow and lavender mums blended with rust colored daisies, which was raffled off at the end of the evening.

MALDEN MAN FACES DRUG CHARGES
Wilmington police arrested a Malden man early this Tuesday on narcotics charges after they found more than 3000 barbiturate pills in his possession.

Police arrested Ray Wells, 28, of Malden when they noticed him in a car on Burlington Avenue at 3:30 a.m. Wells was charged in Woburn District Court Tuesday with possession of narcotics with intent to sell. His case was continued until October 2.

Arthur C. Dickinson formerly at the Wakefield headquarters of the century-old bank.

Speaking of his post, Donald Washburn said, "I was pleased to be part of the quick move this past May to restore commercial banking services at this particular location where the Surety Bank had been. Since then I have enjoyed making many new friends among the residents and merchants and am most happy to have been officially appointed manager of this office."

Mr. Washburn came to Melrose-Wakefield Trust in 1969 from State Street Bank & Trust Company where he was teller, credit investigator and charge card representative. In 1970 M-W Trust Company appointed him Loan Officer. In addition to regular commercial and personal loan duties, he handled the Banks Master Charge operation. After graduating from Melrose Schools, he attended Wentworth Institute and completed four years of active duty with the U.S. Air Force. Mr. Washburn represents M-W Trust in the Massachusetts Chapter of the American Institute of Banking and has completed a wide range of the Institute's courses with honors. He and his wife Donna live in Andover.

Assistant Manager, Arthur Dickinson's most recent assignments within the Bank were as head of the Savings Department and Mortgage Clerk. Arthur joined the Shawmut Association Bank in 1965 following a three year tour of duty in the European Theater with the U.S. Army Finance Corps. He and his wife Sandra make their home in Wakefield.

WAYNE ARUDA STUDENT COUNSELOR
Wayne Aruda of 15 MacDonald Road has been named to the staff of 211 student counselors for the 11 Purdue University residence halls for the 1972-73 school year.

Hall counselors work with student organizations within the halls and represent the university at local floor levels. They assist students residing in the halls with their problems and help develop communications for academic achievement.

TEWKSBURY MAN COMPLETES TRAINING AT LAKEHURST
Navy Airman Recruit Harold R. Auch, son of Mr. and Mrs. Harold I. Auch of 1282 Shawheen St. Tewksbury recently completed the Aviation Boatswain Mate School at Lakehurst.

Aviation Boatswain Mates operate and maintain equipment used in the launching and recovery of aircraft aboard ships and at air stations.

NEW CARPENTRY INSTRUCTOR AT SHAWSHEEN TECH

Terrence F. Walton of Holden has been appointed a Carpentry Instructor at Shawsheen Valley Technical High School. He began his new position last week.

Mr. Walton recently completed the necessary credits for a vocational education teaching certificate from Fitchburg State College. He attended Worcester Junior College for four years pursuing a major in civil engineering, and is a graduate of Leominster High School.

The new Carpentry Instructor has experience in practice teaching at Boy's Trade High School in Worcester and approximately sixteen years experience in the labor market as a carpenter. He has many years of experience teaching both in the US Navy and the Naval Reserve.

Members needed for key Committees

The Tewksbury selectmen are seeking volunteers to serve on three newly-established committees that could effect the town greatly in future years.

Persons from many walks of life are needed to serve on the Atelier, five persons are needed to serve on the Historic Commission, and three voters are needed for the Ames Pond Committee.

The Atelier was approved unanimously by the Board of Selectmen. It would be a committee responding to the problems, responsibilities and needs of the community.

The Atelier would, among other things, propose community projects which it would present to the selectmen for possible action. Its only officer would be a secretary who would publicize its activities through newspapers and materials passed on by committeemen to the groups they represent. All meetings would be informal.

Michelangelo and Friends

THE ROBERTS HOUSE (Old church) of the Wilmington Methodist Church received a new interior coat of paint last weekend, administered by a group of volunteers.

Among them was one man who claimed a kinship with Michelangelo, because he was painting the ceiling (above). It was Lester White, and he was being assisted by George Ross of Shawheen Avenue.

In the basement there were ladies who made no special claim to fame, but wielded the brushes just as efficiently. Shown are Nancy DeWilde and Frances Gamlin.

Nosey Nancy

Send your announcements to Nancy Box 208, Wilmington or call, after five, 658-4865. If I'm not there, I'll call you.

So what are you doing with yourselves in this gojus Fall sunshine? Certainly am missing The Big Box - the summer hat - the big horns and other things around about Willie these days. As usual - we got the winter after it was over and now we are getting summer when it should be fall. But it doesn't grieve this gal - not even a little bit!

Did ja see that red, white and blue balloon floating around Willie Sat pm? Heard a strange noise, rushed out onto Lowell St. from the Fenton Emporium and there she was floating over the Avco tree tops with two men aboard, hanging in the basket. Lost 'em when it was time for em to land tho. Must have been an Avco test cause those were Uncle Sam's colors.

Speaking of Saturday - hope your carwash went well there DeMolay Fellas, yep - I got the message and wrote the column, but ye olde Bosse goofed this chick up again! Ho - well, c'est la guerre. Please try again next time, you lads! Hope it was great any way.

Have you heard Ray Fitzmaurice's ad on Wish. Couldn't

believe my ears - there this gal is, typing away at good old stir and piped in comes "your friends Fitzmaurice Construction, etc. etc. Nice going Ray - that should be some effective advertising. And did you see that new service warehouse he's constructing - Bee-ootiful. And Les Morash, that's some job you've done on that old house. If you get a chance folks, see that red house in front of the warehouse on Ballardvale Street. Les and Lew have "restored that in its original decor and now use it for offices. It's something."

Pack 56 of the Cub Scouts are in gear again this weekend. Good luck there Pack. Admiration to you leaders!

Fred Cain's trailer was quite a sight at the polls on Tuesday - how about those new voting machines? Expected them to give with "Raindrops are Falling on My Head" any old time after the second button, and for that bevy of beauties minding them to wait away with each other. All kidding aside. Quite an addition there Chief. Dapper Harold McKelvey had to take that ambulance run into New England Memorial again Sunday. But, Harold, this gal still thinks you're faking it out so you'll get to see that nursing pulchitude. Don't forget, you promised! Didn't he, Mabel?

Anyway it must be the air down in

that corner, cause Don Robbins is confined to quarters also at his new home on Chestnut Street. (His business Woburn Truck Parts is located behind Harold's house on Border Ave.)

Now, now, you lads. Let's get with it and do what the Docs say. Want to see you back on the Strip soon - both of you! Get the message? This gal does have a big stick, y' know!

Sweetheart had its family Field Day on Sunday. It was perfect weather and everybuddy turned out. The cars filled up the Diamond Crystal lot - Floradale and this chick's yard and the basketball court and then went on up the street - looked like great fun tho.

This chick believes in keeping her promises and tho dubious on Sunday she donnee her aqualung and with No. 4 daughter tripped up Hillside Way to swim in the Fantasia pool. What do ya know? It ha6ed sprung a small crack, so she couldn't keep her promise to swim - rain or shine - hail or snow. But guess she just may have to, cause Sal got out the hose and started to fill it up fEor next weekend - and what's happened since? Rain!

(Used to be able to knock the ice off the Mystic Lakes and swim on April 19th every year - but don't know about October 12th when yer-ah-hum - 39 and holding!) Well - a promise is a promise, so will do!

Don't forget, Donna Fantasia Seidell is running that spaghetti social for the Sons of Italy in Woburn on Saturday, the 30th. You can reach her at Hillside Way or by phone before then. Understand the tickets are in demand.

Vern Hensley called to say Ron MacKenzie's Testimonial will be on the 30th. Will let you know where and what time next week, but you can get tickets from Big Lloyd Bender in the Travel Agency or insurance office, next to the bank.

Hey Frank Kelly, how come the track team walks the last mile? Hey, Fellas, on your toes. That's no way for a member of the S.C. to catch you going. You're sposed to be practicing to win!

Evening classes begin at the HS on September 26th and it's still not too late to register if you hurry up there tonight (Sept. 21st.)

Understand that John Kerry's publicity manager was upset with this gal for mentioning his greetings to the public without

checking in with him. Sorry 'bout that, won't mention John again unless he calls himself! Ok? Truce! Sure glad to hear that Jack Cushing is out and around again after an extended stay at Peter Bent. Also n the good news list is Chuckie McLaughlin of Hillcrest Street. Chuck went back to school this week after spending a spell at Winchester Hospital.

WHS Class of 1947 will be holding their 25th reunion on Saturday Sept. 23rd at the Holiday Inn in Tewksbury. If you act right now, you can still make reservations by calling 658-2042, 6577457 or 658-3651.

From the word that's out, Jim Miceli's testimonial was a great success - both Governor Sargent and Senator Brooke were on hand - nice going Jim!

The Golden Agers will be holding their Harvest Fair at the Legion Hall on Thursday, September 28th from 10 am to 4 pm and you're all invited!

Are you all watching those kids and the driving? In front of this gal coming the stretch at 3:30 down 93 was a truck marked Crystal. On the back she saw her word for this week: "Behind a rolling ball comes a running child! Please drive carefully". Tres apropos! Don't forget 'cause it might be one of our Clan - or your own!

Whee - on the home stretch! Have started that count down now, but ya don't listen to me. Give this gal a jingle with the news. Meanwhile - Miss ya!

Luv ya! A Whole Bunch

Letters

Dear Larz:

I am writing this letter to the Town Crier because I can't think of a better way to let the people in Wilmington know what a wonderful job Eddie Woods did as head of the life guards at the Town Beach this year.

I have been going to that beach with my children for years, but this year, thanks to Mr. Woods I could allow my older children to go without me.

My thanks and compliments to Eddie Woods. Hope you're back to run that beach again next year.

Sincerely,
Peggy Duffy

Dear Sir:

I would like to applaud the Wilmington League of Women Voters on the conductance of their recent "Candidate's Night". I think it set the spirit of open dialogue between candidates in the future. This was further accented by Rep. Cain's willingness to debate Mr. Miceli publicly, if not in the Primaries certainly before November.

The people deserve this kind of openness regardless of the consequences.

Sincerely,
Ted Nelson

JOANNE SULLIVAN TO WED ANGELO L. MORLANI

Mr. and Mrs. Michael T. Sullivan of 222 Haverhill St. Reading announce the engagement of their daughter, Joanne to Angelo L. Morlani, son of Mr. and Mrs. Louis Morlani of Cunningham St. Wilmington.

Miss Sullivan is a 1968 graduate of Reading Memorial High School. She recently graduated from the University of Mass. (Amherst) receiving a B.A. in English Education.

Mr. Morlani graduated from Wilmington High School with the class of 1967. In May of this year, he completed his studies at the Boston Conservatory of Music receiving a B.M. degree in Music

Education.

At present, Miss Sullivan is substitute teaching and continuing her education. Mr. Morlani is on the faculty of the Brockton school system. A spring wedding is planned.

Births

HAYNES: Michele Anne, first child to Mr. and Mrs. Richard A. Haynes of Water Street, Wakefield on August 29th at Winchester Hospital.

Grandparents include Mr. and Mrs. Richard T. Gunn, Sr. of Church St., Wilmington and Mrs. Bertha Haynes of Foster's Lane, Wakefield.

PATTERSON: Jennifer Lee, first child to Mr. and Mrs. Kevin Patterson of 132 Washington St., Reading on August 27th at Malden Hospital.

Grandparent honors are shared by Mr. and Mrs. Antonio Caturello of Reading and Mr. and Mrs. Norman Patterson of Wilmington.

WAHL: Brian Matthew, second son to Mr. and Mrs. Roy E. Wahl, of 3 Faulkner Ave. Wilmington on September 12th at Winchester Hospital.

Grandparents include Mr. and Mrs. Ralph DeLuca of School St., Woburn and Mr. and Mrs. Ernest King of North St., Wilmington. Great grandparents are Mr. and Mrs. Relli of Medford.

CUB SCOUT PACK 56 ORIENTATION NIGHT

Cub Scout Pack 56 is planning to conduct an Orientation Night on September 28th, which will be the first meeting of the pack for the year.

The pack will meet at 8 pm on September 28th in the Congregational Church, Ralph Crawford of Chase Street is Pack Master.

No. Wilmington Parking Lot

Girls, its fall inspection sticker time again. Have you taken inventory on your vehicle lately? Are you going to have to spend some of your hard earned money to put her back in shape?

Why not spend a little on yourself? Come on in and get your inspection sticker, after all, if your car has to pass inspection, why not you?

Now open Mon. thru Sat.

GUILDWARE PARK

WILMINGTON, MASSACHUSETTS 01887 U.S.A.

TOWN OF WILMINGTON

RULES AND REGULATIONS OF SEWER USE

RULES AND REGULATIONS REGULATING THE USE OF PUBLIC AND PRIVATE SEWERS AND DRAINS, THE INSTALLATION AND CONNECTION OF BUILDING SEWERS, AND THE DISCHARGE OF WASTES AND WASTES INTO THE PUBLIC SEWER SYSTEM(S); AND PROVIDING PENALTIES FOR VIOLATIONS THEREOF: IN THE TOWN OF WILMINGTON, COUNTY OF MIDDLESEX, STATE OF MASSACHUSETTS.*

In accordance with Section 10 of Chapter 83 of the General Laws and Section 11 of Chapter 297 of the Acts of 1958 Wilmington, be it enacted by the Board of Water and Sewer Commissioners of the Town of Wilmington, State of Massachusetts as follows:

ARTICLE I

Definitions (See 3.3)

Unless the context specifically indicates otherwise, the meaning of terms used in these Rules and Regulations shall be as follows:

- Sec. 1. "BOD" (denoting Biochemical Oxygen Demand) shall mean the quantity of oxygen utilized in the biochemical oxidation of organic matter under standard laboratory procedure in five (5) days at 20°C, expressed in milligrams per liter.
- Sec. 2. "Building Drain" shall mean that part of the lowest horizontal piping of a drainage system which receives the discharge from soil, waste, and other drainage pipes inside the walls of the building and conveys it to the building sewer, beginning five (5) feet (1.5 meters) outside the inner face of the building wall.
- Sec. 3. "Building Sewer" shall mean the extension from the building drain to the public sewer or other place of disposal.
- Sec. 4. "Combined Sewer" shall mean a sewer receiving both surface runoff and sewage.
- Sec. 5. "Garbage" shall mean solid wastes from the domestic and commercial preparation, cooking, and dispensing of food, and from the handling, storage, and sale of produce.
- Sec. 6. "Industrial Wastes" shall mean the liquid wastes from industrial manufacturing processes, trade, or business as distinct from sanitary sewage.
- Sec. 7. "Natural Outlet" shall mean any outlet into a watercourse, pond, ditch, lake, or other body of surface or ground water.
- Sec. 8. "Person" shall mean any individual, firm, company, association, society, corporation, or group.
- Sec. 9. "pH" shall mean the logarithm of the reciprocal of the weight of hydrogen ions in grams per liter of solution.
- Sec. 10. "Properly Shredded Garbage" shall mean the wastes from the preparation, cooking, and dispensing of food that have been shredded to such a degree that all particles will be carried freely under the flow conditions normally prevailing in public sewers, with no particle greater than one-half (1/2) inch (1.27 centimeters) in any dimension.
- Sec. 11. "Public Sewer" shall mean a sewer in which all owners of abutting properties have equal rights, and is controlled by public authority.
- Sec. 12. "Sanitary Sewer" shall mean a sewer which carries sewage and to which storm, surface, and ground waters are not intentionally admitted.
- Sec. 13. "Sewage" shall mean a combination of the water-carried wastes from residences, business buildings, institutions, and industrial establishments, together with such ground, surface, and storm waters as may be present.
- Sec. 14. "Sewage Treatment Plant" shall mean any arrangement of devices and structures used for treating sewage.
- Sec. 15. "Sewage Works" shall mean all facilities for collecting, pumping, treating, and disposing of sewage.
- Sec. 16. "Sewer" shall mean a pipe or conduit for carrying sewage.
- Sec. 17. "Shall" is mandatory; "May" is permissive.
- Sec. 18. "Slug" shall mean any discharge of water, sewage, or industrial waste which in concentration of any given constituent or in quantity of flow exceeds for any period of duration longer than fifteen (15) minutes, more than (5) times the average twenty-four (24) hour concentration or flows during normal operation.
- Sec. 19. "Storm Drain" (sometimes termed "Stormed Sewer") shall mean a sewer which carries storm and surface waters and drainage, but excludes sewage and industrial wastes, other than unpolluted cooling water.
- Sec. 20. "Superintendent" shall mean the Superintendent of Water and Sewer of the Town of Wilmington, or his authorized deputy, agent, or representative.

Sec. 21. "Suspended Solids" shall mean solids that either float on the surface of, or are in suspension in water, sewage, or other liquids, and which are removable by laboratory filtering.

Sec. 22. "Watercourse" shall mean a channel in which a flow of water occurs, either continuously or intermittently.

ARTICLE II

Building Sewers and Connections

- Sec. 1. No unauthorized person shall uncover, make any connections with or opening into, use, alter, or disturb any public sewer or appurtenance thereof without first obtaining a written permit from the Superintendent.
- Sec. 2. There shall be two (2) classes of building sewer permits: (a) for residential and commercial service, and (b) for service to establishments producing industrial wastes. In either case, the owner or his agent shall make application on a special form furnished by the Town. The permit application shall be supplemented by any plans, specifications, or other information considered pertinent in the judgement of the Superintendent. A permit and inspection fee for a residential or commercial building sewer permit and for an industrial building sewer permit shall be paid to the Town at the time the application is filed. Such reasonable fees shall be established and voted by the Board of Water and Sewer Commissioners from time to time.
- Sec. 3. All costs and expense incident to the installation and connection of the building sewer shall be borne by the owner. The owner shall indemnify the Town for any loss or damage that may directly or indirectly be occasioned by the installation of the building sewer.
- Sec. 4. A separate and independent building sewer shall be provided for every building; except where one building stands at the rear of another on an interior lot and no private sewer is available or can be constructed to the rear building through an adjoining alley, court, yard, or driveway, the building sewer from the front building may be extended to the rear building and the whole considered as one building sewer.
- Sec. 5. Old building sewers may be used in connection with new buildings only when they are found, on examination and test by the Superintendent, to meet all requirements of these Rules and Regulations.
- Sec. 6. The size, slope, alignment, materials of construction of a building sewer, and the method to be used in excavating, placing of the pipe, jointing, testing, and backfilling the trench, shall all conform to the requirements of the building and plumbing code or other applicable rules and regulations of the Town. In the absence of code provisions or in amplification thereof the materials and procedures set forth in appropriate specifications of the A.S.T.M. and W.P.C.F. Manual of Practice No. 9 shall apply.
- Sec. 7. Whenever possible, the building sewer shall be brought to the building at an elevation below the basement floor. In all buildings in which any building drain is too low to permit gravity flow to the public sewer, sanitary sewage carried by such building drain shall be lifted by an approved means and discharged to the building sewer.
- Sec. 8. No person shall make connection of roof downspouts, exterior foundation drains, areaway drains, or other sources of surface runoff or ground water to a building sewer or building drain which in turn is connected directly or indirectly to a public sanitary sewer.
- Sec. 9. The Connection of the building sewer into the public sewer shall conform to the requirements of the building and plumbing code or other applicable rules and regulations of the Town, or the procedures set forth in appropriate specifications of the A.S.T.M. and the W.P.C.F. Manual of Practice No. 9. All such connections shall be made gastight and watertight. Any deviation from the prescribed procedures and materials must be approved by the Superintendent before installation.
- Sec. 10. The applicant for the building sewer permit shall notify the Superintendent when the building sewer is ready for inspection and connection to the public sewer. The connections shall be made under the supervision of the Superintendent or his representative.
- Sec. 11. All excavations for building sewer installation shall be adequately guarded by the owner with barricades, lights, and Police Officers as required by the Town so as to protect the public from hazard. Streets, sidewalks, parkways, and other public property disturbed in the course of the work shall be restored in a manner satisfactory to the Town.

ARTICLE III

Use of the Public Sewers

- Sec. 1. No person shall discharge or cause to be discharged any storm water, surface water, ground water, roof runoff, subsurface drainage, uncontaminated cooling water, or unpolluted industrial process waters to any sanitary sewer.
- Sec. 2. Storm water and all other unpolluted drainage

shall be discharged to such sewers as are specifically designated as storm sewers, or to a natural outlet approved by the Superintendent. Industrial cooling water or unpolluted process waters may be discharged, or approval of the Superintendent, to a storm sewer, or natural outlet.

Sec. 3. No person shall discharge or cause to be discharged any of the following described waters or wastes to any public sewers:

- Any gasoline, benzene, naphtha, fuel oil, or other flammable or explosive liquid, solid, or gas.
- Any waters or wastes containing toxic or poisonous solids, liquids, or gases in sufficient quantity, either singly or by interaction with other wastes, to injure or interfere with any sewage treatment process, constitute a hazard to humans or animals, create a public nuisance, or create any hazard in the receiving waters of the sewage treatment plant.
- Any waters or wastes having a pH lower than (5.5), or having any other corrosive property capable of causing damage or hazard to structures, equipment, and personnel of the sewage works.
- Solid or viscous substances in quantities or of such size capable of causing obstruction to the flow in sewers, or other interference with the proper operation of the sewage works such as, but not limited to, ashes, cinders, sand, mud, straw, shavings, metal, glass, rags, feathers, tar, plastics, wood, unground garbage, whole blood, paunch manure, hair and fleshings, entrails and paper dishes, cups, milk containers, etc., either whole or ground by garbage grinders.

Sec. 4. No person shall discharge or cause to be discharged the following described substances, materials, waters, or wastes if it appears likely in the opinion of the Superintendent that such wastes can harm either the sewers, sewage treatment process, or equipment, have an adverse effect on the receiving stream, or can otherwise endanger life, limb, public property, or constitute a nuisance. In forming his opinion as to the acceptability of these wastes, the Superintendent will give consideration to such factors as the quantities of subject wastes in relation to flows and velocities in the sewers, materials of construction of the sewers, nature of the sewage treatment process, capacity of the sewage treatment plant, degree of treatability of wastes in the sewage treatment plant, and other pertinent factors. The substances prohibited are:

- Any liquid or vapor having a temperature higher than one hundred fifty (150)°F (65°C).
- Any water or waste containing fats, wax, grease, or oils, whether emulsified or not, in excess of one hundred (100) mg/l or containing substances which may solidify or become viscous at temperatures between thirty-two (32) and one hundred fifty (150)°F (0 and 65°C).
- Any garbage that has not been properly shredded. The installation and operation of any garbage grinder equipped with a motor of three-fourths (3/4) horsepower (0.76 hp metric) or greater shall be subject to the review and approval of the Superintendent.
- Any waters or wastes containing strong acid iron pickling wastes, or concentrated plating solutions whether neutralized or not.
- Any waters or wastes containing iron, chromium, copper, zinc, and similar objectionable or toxic substances; or wastes exerting an excessive chlorine requirement, to such degree that any such material received in the composite sewage at the sewage treatment works exceeds the limits established by the Superintendent for such materials.
- Any waters or wastes containing phenols or other taste or odor producing substances, in such concentrations, exceeding limits which may be established by the Superintendent as necessary, after treatment of the composite sewage to meet the requirements of the State, Federal, or other public agencies or jurisdiction for such discharge to the receiving waters.
- Any radioactive wastes or isotopes of such half-life or concentration as may exceed limits established by the Superintendent in compliance with applicable State or Federal regulations.
- Any waters or wastes having a pH in excess of 9.5.
- Materials which exert or cause:

- Unusual concentration of inert suspended solids (such as, but not limited to, Fullers earth, lime slurries, and lime residues) or of dissolved solids (such as, but not limited to, sodium chloride and sodium sulfate).

- Excessive discoloration (such as, but not limited to, dye wastes and vegetable tanning solutions).
- Unusual BOD, chemical oxygen demand, or chlorine requirements in such quantities as to constitute a significant load on the sewage treatment works.
- Unusual volume of flow or concentration of wastes constituting "slugs" as defined herein.
- Waters or wastes containing substances which are not amenable to treatment or reduction by the sewage treatment processes employed, or are amenable to treatment only to such degree that the sewage treatment plant effluent cannot meet the requirements of other agencies having jurisdiction over discharge to the receiving waters.

Sec. 5. If any waters or wastes are discharged, or are proposed to be discharged to the public sewers, which waters contain the substances or poses the characteristics enumerated in Section 4 of this Article, and which in the judgement of the Superintendent, may have a deleterious effect upon the sewage works, processes, equipment, or receiving waters, or which otherwise create a hazard to life or constitute a public nuisance, the Superintendent may:

- Reject the wastes.
- Require pretreatment to an acceptable condition for discharge to the public sewers.
- Require control over the quantities and rates of discharge, and/or
- Require payment to cover the added cost of handling and treating the wastes not covered by the existing taxes or sewer charges under the provisions of Section 10 of this Article.

If the Superintendent permits the pretreatment of equalization of waste flows, the design and installation of the plants and equipment shall be subject to the review and approval of the Superintendent, and subject to the requirements of all applicable codes and laws.

Sec. 6. Grease, oil, and sand interceptors shall be provided when, in the opinion of the Superintendent, they are necessary for the proper handling of liquid wastes containing grease in excessive amounts, or any flammable wastes, sand, or other harmful ingredients; except that such interceptors shall not be required for private living quarters or dwelling units. All interceptors shall be of a type and capacity approved by the Superintendent and shall be located as to be readily and easily accessible for cleaning and inspection.

Sec. 7. Where preliminary treatment of flow-equalizing facilities are provided for any waters or wastes, they shall be maintained continuously in satisfactory and effective operation by the owner at his expense.

Sec. 8. When required by the Superintendent, the owner of any property serviced by a building sewer carrying industrial wastes shall install a suitable control manhole together with such necessary meters, and other appurtenances in the building sewer to facilitate observation, sampling, and measurement of the wastes. Such manhole, when required, shall be accessibly and safely located, and shall be constructed in accordance with the plans approved by the Superintendent. The manhole shall be installed by the owner at his expense, and shall be maintained by him so as to be safe and accessible at all times.

Sec. 9. All measurements, tests, and analyses of the characteristics of waters and wastes to which reference is made in these Rules and Regulations shall be determined in accordance with the latest edition of "Standard Methods for the Examination of Water and Wastewater," published by the American Public Health Association, and shall be determined at the control manhole provided, or upon suitable samples taken at said control manhole. In the event that no special manhole has been required, the control manhole shall be considered to be the nearest downstream manhole in the public sewer to the point at which the building sewer is connected. Sampling shall be carried out by customarily accepted methods to reflect the effect of constituents upon the sewage works and to determine the existence of hazards to life, limb, and property. (The particular analyses involved will determine whether a twenty-four (24) hour composite of all outfalls of a premise is appropriate or whether a grab sample or samples should be taken. Normally, but not always, BOD and suspended solids analyses are obtained from 24-hour composites of all outfalls where pH's are determined from periodic grab samples.)

Sec. 10. No statement contained in this article shall be construed as preventing any special agreement or arrangement between the Town and any industrial concern whereby an industrial waste of unusual strength or character may be accepted by the Town for treatment, subject to payment therefore, by the industrial concern.

Sec. 11. All Rules and Regulations of the Metropolitan

TOWN OF WILMINGTON RULES & REGULATIONS - SEWER USE (From preceding Page)

District Commission covering discharge of sewage, drainage, substances or waste shall be in effect in the Town of Wilmington; said Rules and Regulations of the Metropolitan District Commission, sewage Division, are hereto incorporated by reference to the same extent as if they were fully reproduced herein.

(To assist industries discharging toxic or objectionable metals or non-metals to sewers within the M.D.C. sewer system in interpreting the adopted Rules and Regulations which became effective January 1, 1971.

Toxic or objectionable metals include, but are not limited to, the following:

Antimony	Iron
Arsenic	Lead
Barium	Manganese
Beryllium	Mercury
Boron	Nickel
Cadmium	Selenium
Chromium	Silver
Copper	Tin
	Zinc

Toxic or objectionable non-metals include, but are not limited to:

Chlorides	Phenols
Cyanides	Sulphides

All wastes containing toxic heavy metals must be treated for removal of these metals to values at least equivalent to the minimum solubility of their oxides or hydroxides. Limits for non-metals must be reviewed and approved separately.

Industries discharging or requesting to discharge beryllium, mercury, arsenic or selenium in any quantities are referred to the Division of Water Pollution Control.

The attainment of specific levels for discharge to the public sewer by dilution in the absence of treatment (i.e., by the use of extraneous or other non-process water) is prohibited.

Direct disposal of concentrated plating solutions, whether neutralized or not, shall be prohibited.

Provisions must be made to prevent against accidental or intended discharge.

Sludges, filter cakes, etc., produced by treatment or by naturally occurring deposition in operating baths or tanks, shall not be discharged to the sewer.

A description of the proposed treatment system, including flows of all waste drains and concentrations of toxic or objectionable metals or non-metals before and after treatment must be submitted to the M.D.C. for approval.

ARTICLE IV

Protection from Damage

- Sec. 1. No unauthorized person shall maliciously, willfully, or negligently break, damage, destroy, uncover, deface, or tamper with any structure, appurtenance, or equipment which is a part of the sewage works. Any person violating this provision shall be subject to immediate arrest under charge of disorderly conduct.

ARTICLE V

Powers and Authority of Inspectors

- Sec. 1. The Superintendent and other duly authorized employees of the Town bearing proper credentials and identification shall be permitted to enter all properties for the purposes of inspection, observation, measurement, sampling, and testing in accordance with the provisions of these Rules and Regulations. The Superintendent or his representatives shall have no authority to inquire into any processes including metallurgical, chemical, oil, refining, ceramic, paper, or other industries beyond that point having a direct bearing on the kind and source of discharge to the sewers or waterways or facilities for wastes treatment.

- Sec. 2. While performing the necessary work on private properties referred to in Article V, Section 1 above, the Superintendent or duly authorized employees of the Town shall observe all safety rules applicable to the premises established by the company and the company shall be held harmless for injury or death to the Town employees and the Town shall indemnify the company against loss or damage to its property by Town employees and against liability claims and demands for personal injury or property damage asserted against the company and growing out of the gauging and sampling operation, except as such may be caused by negligence or failure of the company to maintain safe conditions as required in Article III, Section 8.

- Sec. 3. The Superintendent and other duly authorized employees of the Town bearing proper credentials and identification shall be permitted to enter all private properties through which the Town holds a duly negotiated easement for the purposes of, but not limited to, inspection, observation, measurement, sampling, repair, and maintenance of any portion of the sewage works lying within said easement. All entry and subsequent work, if any, on said

easement, shall be done in full accordance with the terms of the duly negotiated easement pertaining to the private property involved.

ARTICLE VI

Penalties

- Sec. 1. Any person found to be violating any provision of these Rules and Regulations except Article IV shall be served by the Town with written notice stating the nature of the violation and providing a reasonable time limit for the satisfactory correction thereof. The offender shall, within the period of time stated in such notice, permanently cease all violations.

- Sec. 2. Any person who shall continue any violation beyond the time limit provided for in Article VI, Section 1, shall be guilty of a misdemeanor, and on conviction thereof shall be fined in the amount not exceeding twenty dollars for each violation. Each day in which any such violation shall continue shall be deemed a separate offense.

- Sec. 3. Any person violating any of the provisions of these Rules and Regulations shall become liable to the Town for any expense, loss, or damage occasioned the Town by reason of such violation.

ARTICLE VII

Validity (see 3.11)

- Sec. 1. All Rules and Regulations or parts thereof in conflict herewith are hereby repealed.

- Sec. 2. The invalidity of any section, clause sentence, or provision of these Rules and Regulations shall not affect the validity or any other part of these Rules and Regulations which can be given effect without such invalid part or parts.

ARTICLE VIII

In Force (See 3.11)

- Sec. 1. These Rules and Regulations shall be in full force and effect from and after their passage, approval, recording, and publication as provided by law.

- Sec. 2. Passed and adopted at a duly authorized meeting of the Board of Water and Sewer Commissioners of the Town of Wilmington, State of Massachusetts held on the 31st day of August, 1972.

* In part from W. P. C. Manual of Practice No. 3.

MAN ARRESTED

A routine road check in Wilmington ended in the arrest of a man on narcotics and stolen goods charges early August 15.

Daniel Spinoza, 21, of 7 Lord Terrace, Woburn was stopped driving on Main Street in a routine check at 3:20 a.m. by Sgt. Jay Palmer, William Sullivan, James Rooney and John Kearney.

Spinoza was arrested and charged in Woburn District Court Saturday with possession of narcotic drugs with intent to sell, possession of dangerous weapons, possession of stolen automobile inspection stickers and possession of narcotic implements.

His case continued until September 25.

LWV LET'S GET ACQUAINTED SUPPER

The League of Women Voters of Wilmington will sponsor its annual "Let's Get Acquainted Supper" on Wednesday, September 27th, at 7:30 pm in Fellowship Hall, United Methodist Church of Wilmington.

Following the dinner there will be a guest speaker from the State League of Women Voters. All those interested in finding out more about the inner workings of the League are cordially invited to attend.

For more information, call Mrs. Barbara Cogan, 658-5532.

FAIR HAUNTING

Who says the Children's Museum Aid isn't forward thinking? Why is it so far ahead that its members are going to yell you what to do with yourselves and your families next Halloween. Its new and existing project, "The Haunted House", a maze of a dozen "haunting" rooms in a building on the grounds of the Children's Museum, Boston will be open to the public October 20th through the 29th at a charge of 50c. Each room of the maze will be decorated in a scary or funny way by local businesses, funny way by local businesses.

The proceeds from The Haunted House will contribute directly to the education of the inner-city child through the Museum's Community Services Division. Members of any Boston-area community can turn to the Division for guidance in running a wide variety of learning experiences for children and parents.

The gory theme has been avoided in the Haunted House; violence is too much a part of our lives today.

The Children's Museum hopes to entertain around 100,000 goblin gawkers between October 20th and 29th - why not be among them?

LOIS ANNIE CRESS ENGAGED TO DANIEL WENTZELL

Mr and Mrs Leonard S. Cress of Concord have announced the engagement of their daughter, Lois Annie to Daniel William Wentzell. He is the son of Mr and Mrs Albert L. Wentzell of Billerica, formerly of Wilmington.

Miss Cress graduated from Concord Carlisle High School in 1969 and attended the Andover Institute of Business in Andover. She is presently employed at Middlesex Insurance Company in Concord. Mr. Wentzell is a graduate of Wilmington High School, class of 1967 and attended LaMar Tech in Beaumont, Texas. He served two years with the United States Marines. He is presently employed with the Star Market in Somerville.

An April 7th wedding is planned at Bedford.

The Wilmington Spotlighters are to meet next Monday at 7:30 pm at the Mildred Rogers School. Reports from play reading and membership committees will be heard, and plans discussed for the coming season. New members are welcome.

Mini Development plans for Tewksbury

Future development in Tewksbury may take the form of mini-communities in one or more areas if the town adopts a proposal of the Master Plan Committee's consultant.

Francis Vigier, of Nash-Vigier, Planning Consultants, presented an in-depth study of Planned Unit Development (PUD) zones and cluster zoning to the Planning Board Monday night.

Vigier was acting in response to a previous board request that his firm make an in-depth study of cluster zoning, multi-family zoning and areas best suited to both. The study was made in relation to the proposed Master Plan.

Multi-Family Problems
Although Vigier made a presentation on cluster zoning, he said he would find it difficult to justify sizable multi-family developments in unsewered areas. If they were allowed, he said, there would be problems providing enough open space around them to make them compatible with the rural nature of the town.

Because of these problems, he said, he would have a great deal of difficulty identifying places where such developments could be allowed.

Instead, Vigier said, he recommended multi-family housing be included in PUD zones. These, he explained, would consist of large subdivisions which would include single and multi-family homes, and pre-planned schools, parks, convenience shops, churches and open space areas.

"People living in these developments would be able to walk to most of the places they would want to go to," he said.

Shopping Problems
Vigier said another reason supporting PUD zones was the lack of a real town center. Without a center, it would be difficult to place apartment buildings near shopping areas, he suggested.

Cluster zoning, explained Vigier, is aimed at creating residential developments which would preserve open space for conservation and outdoor recreation. Cluster zones would be subdivisions developed entirely by a landowner, he added.

These subdivisions, he said, would be excepted from the lot area and frontage requirements of the zoning by-law so as to preserve open space and allow a more efficient use of land.

Lot Numbers Unchanged
The total number of building lots in such developments would nevertheless be no greater than the number of lots that would otherwise be allowed in the zoning area where the developments were located, explained Vigier.

He said tracts of five or more acres could be subdivided as cluster developments by means of special permits granted by the Board of Appeals. The Board of Appeals, he noted, would consider Planning Board recommendations prior to decisions.

Vigier's report was the first relating to the master plan since May. He said the \$40,000 master plan would be submitted to the Planning Board by December 1.

Plans Presented

In October, he announced, his firm will present plans for consideration at a joint meeting of the Planning Board and Master Plan Committee.

A preliminary plan will be submitted for review by the Planning Board and advisory committee in early November, following other joint sessions, said Vigier.

In other action, the board released two lots of the Pineforest Estates subdivision on receipt of a \$2,400 bond.

The Highway Department notified the board that plans submitted for completion of Leighton Lane, as presented by an engineer

hired by developer Frederick H. Baldwin, Jr., would make the road worse than before.

Residents of the street complained that the road was improperly paved and had drainage problems at an August 23 meeting of the Planning Board. Baldwin, who also serves on the Planning Board, said he would have an engineer draw plans to end the difficulties.

Chairman Joseph Doherty asked the board secretary to request Baldwin to report within a week what action he would take.

By Roger

SWEETIE

There are many types of wall coverings on the market today which can be installed easily and are fairly inexpensive. One of the nicest of these is plywood, which is now available in many types of surfaces, and in many convenient shapes.

Plywood, with an outer veneer of expensive wood, can make a beautiful covering for any wall. It can be fastened to the wall by adhesive, special metal clips, or nails.

Why not see the selection that is available today?

At Sweetie Home Courtesy Center, 615 Main St., Wilmington, 658-2051, we have a large display for your choice plus the supplies and advice you need for proper hanging.

Weldwood, Georgia Pacific and Abitibi are stocked and our display has over 150 sheets of these fine brands. BankAmericard and Master Charge honored. Open: 8 am to 5 pm, Fridays, 8 am to 9 pm.

Helpful Hint: Poor nailing will cause cracks in plasterboard and wallboard.

Where do you go when you need a little extra money?

Middlesex Bank of course.

Here's how it works.

Deaths

THERESA MARGARET COTE, 26 YEARS A RESIDENT

Mrs. Theresa Margaret Cote, of 15 Carter Lane, Wilmington died suddenly at her residence on Friday.

Mrs. Cote, who was 46 years of age at the time of her death, was born in Woburn, the daughter of the late Thomas and the late Anna (Gorman) Quirk, and had been a resident of Wilmington for the past 26 years.

Mrs. Cote is survived by her husband, Arthur A. Cote; her eight children: Mrs. Laura C. Perkins and Mrs. Patricia A. Lightfoot both of Tewksbury; Paul A., Ann M., Thomas M., Mary T., Elizabeth A. and Richard A. Cote all of Wilmington; her four sisters: Mrs. Anna Topping of Wilmington, Mrs. Rita Lally and Mrs. Frances Moniz, both of Woburn and Mrs. Mary Gray of Littleton. Two grandchildren also survive.

The funeral was held from the W.S. Cavanaugh & Son Funeral Home, 374 Main St., Wilmington on Monday morning at 8:15 followed by a Funeral Mass at St. Thomas Church at 9, celebrated by Rev. Father Edmund L. Parker.

Burial took place in the family lot Wildwood Cemetery. Pall bearers for Mrs. Cote were: Daniel Perkins, Ernest Lightfoot, Jack Pratt and Michael Pilcher.

MARIA MICALIZZI WAS 87

Mrs. Maria Micalizzi of 40 Cottage Street, Wilmington died at the Green Grove Nursing Home, No. Reading on Sunday following a lengthy illness.

Mrs. Micalizzi, who was 87 years of age at the time of her death, was born in Italy, the daughter of the late Gaetano and the late Guiseppe (Merlino) Parisi. She had resided in Wilmington for the past 16 years.

Mrs. Micalizzi was the wife of the late Anthony Micalizzi and is survived by her two sons: Anthony and Guiseppe Micalizzi both of Wilmington; her two brothers: Domenico and Leo Parisi both of Woburn; seven grandchildren and 10 great grandchildren.

The funeral was held from the W.S. Cavanaugh & Son Funeral Home, 374 Main Street on Tuesday morning at 10:15 followed by a Funeral Mass at St. Dorothy's Church at 11, celebrated by Rev. Father Joseph Leahy. Burial took place in the family lot, Wildwood Cemetery. Pall bearers for Mrs. Micalizzi were: Anthony, Guy and Joseph Micalizzi, Roy McElanahan, Domenico Caruso and Guy Sergi.

FUNERAL SERVICES FOR GRANT MACARTHUR SANBORN

Grant MacArthur Sanborn, of 189 Andover Road, Billerica died at the Mass. General Hospital, Boston on Wednesday where he was taken after being involved in an accident in Hyannis.

Mr. Sanborn was born 32 years ago in Gardner, Maine, the son of Leota A. (Dunton) and the late William M. Sanborn of Wilmington and at the time of his death was a tree surgeon and landscaper.

Mr. Sanborn was educated in the Wilmington school system and had lived here most of his life before taking up residence in Billerica. He is survived by his wife, Mrs. Mary E. (Langmaid) Sanborn.

Funeral services were held at the W.S. Cavanaugh & Son Funeral Home, 374 Main Street, Wilmington on Saturday at 2 pm with the Rev. J. Gary Campbell of the Old South Church, Reading officiating. Burial took place in the family lot, Wildwood Cemetery. Pall bearers were: John Sanborn, Gerald Pupa, Daniel Halliday and Gus Sola.

LAWRENCE (SPORTY) WHITE FORMERLY OF WILMINGTON

Lawrence L. (Sporty) White, formerly of Middlesex Ave., Wilmington died on Saturday morning following a prolonged illness.

Mr. White, who was 67 years of age at the time of his death, was born in Wilmington, the son of the late James H. and the late Mary M. (Jaquard) White. He had lived in Wilmington the greater part of his life and had been employed by the Mitre Corporation.

Mr. White was the husband of the late Mary G. (Melanson) White and his survivors include his five sisters: Mrs. Margaret Walsh, Mrs. Katherine Downing, Mrs. Mabel Melanson, Mrs. Madeline Sputhmayd all of Wilmington, Mrs. Rose Brogna of North Woburn and his two brothers: Arthur White of Ballardvale and Irving White of Wisconsin.

The funeral was held from the W.S. Cavanaugh & Son Funeral Home, 374 Main St., Wilmington on Tuesday morning at 8:15 followed by a Funeral Mass at St. Thomas Church at 9, celebrated by Rev. Father Edmund L. Parker. Burial took place in the family lot, Wildwood Cemetery.

Serving as pall bearers were: Louis Capaldo, Russell Kiley, Roy E. Castine and Roy L. Castine.

FUNERAL SERVICES SATURDAY FOR DADIV M. MacKAY

David M. MacKay, of Boutwell Street, Wilmington and St. Petersburg, Florida died suddenly on Wednesday morning at the Elliott Hospital, Manchester, N.H. where he was taken after being stricken ill at his daughter's residence in Merrimack, N.H.

Mr. MacKay, who was 72 years of age at the time of his death, was born in Belfast, Ireland, the son of the late William and Janet MacKay. Mr. MacKay, who had been a resident of Wilmington for 35 years, had served in the British Army and before his retirement was employed as a printer for the Houghton-Mifflin Company of Cambridge.

He was a member of Friendship Lodge AF & AM Wilmington and the Tewksbury-Wilmington Lodge No. 2070 BPOE.

Mr. MacKay is survived by his wife, Mrs. Isabella F. (Money) MacKay, his two daughters: Mrs. Charles (Isabelle M.) Carpenter of Wilmington and Mrs. Robert (Janet F.) Sheridan of Merrimack, N.H.; his sister, Mrs. Nettie Davidson of Belfast, Ireland; also 5 grandchildren and 1 great grandchild.

Funeral services will be held at the W.S. Cavanaugh & Son Funeral Home, 374 Main St., on Saturday at 11 am. Burial will take place in the family lot, Wildwood Cemetery. Friends may call at the funeral home on Thursday and Friday evenings from 7 to 9.

NINA FAY DIED IN ST. PETERSBURG

Mrs. Nina Fay, for many years a resident of the old Eames Farm on Woburn Street, died recently in St. Petersburg, Florida. She was the widow of Harold Fay, a well known horticulturist, who farmed what is now the Kenwood Avenue area of Wilmington. She was 86 years old.

Funeral services are to be held Friday at the Nichols Funeral Home, beginning at 2:30 pm. They will be conducted by the Rev. Allen Tadgell, of the Wilmington Congregational Church. Burial is to be in the family lot in Wildwood Cemetery.

MRS. EDITH A. ISBISTER DIES IN TEWKSBURY

161Mrs. Edith A. (Thompson) Isbister, 68, of 89 Maplewood Ave., Tewksbury, widow of George D. Isbister, died at her home Sunday evening.

Born in Groton, Conn., May 2, 1904, she was the daughter of the late Elizabeth C. (Schneider) Thompson, and resided in Tewksbury for many years.

Mrs. Isbister retired in May from the Raytheon Mfg. Co. plant in Andover, where she worked in the production department. She was a member of the Tewksbury United Methodist Church and Tewksbury Golden Age Club.

She is survived by a son, Oswald R.S. Isbister of Jacksonville, N.C.; a daughter, Madeline, the wife of Rev. E. Parker West of Bucyrus, Ohio; eight grandchildren; three great-grandchildren, and a sister, Mrs. Gertrude Squires of West Roxbury.

MONEY, RADIOS TAKEN IN BREAK

A Wilmington break Wednesday netted a thief or thieves at least \$300, an 18 transistor radio, a portable radio and two strong boxes full of important papers, police said.

Albert Guarino reported the break at his home at 25 Hobson Ave. He said it occurred between 8 a.m. and 3 p.m. He reported he couldn't determine immediately if anything else was missing other than the radios, money and strong boxes.

Police said entrance was apparently gained the home through a cellar window.

RESIDENTS PROTEST DUMP POLLUTION

Eleven persons Tuesday night protested alleged pollution of Sutton Brook by the Tewksbury town dump. They all either owned land through which the brook runs or lived nearby its waters.

The Board of Health heard the group say the brook frequently smells bad and is full of rust, algae and murky pollution. They made the statements although Chairman Edward F. Penny Jr., reported State Regional Health Office tests showed the brook waters were drinkable.

Mr. and Mrs. Joseph Doherty of Brookfield Road were questioned the tests. Doherty, who is also Planning Board chairman, said he didn't want to see the dump expanded, and was concerned about raw sewage dumped there. Doherty said they feared the sewage might eventually pollute the town wells on Poplar Road. Several persons also protest contractors and business that, they alleged unloaded rubbish or raw sewage at the dump long before it was supposed to open and long after it was legally closed.

"If they are there before 8 in the morning we will put a stop to it, if they are there after 4:30, we will put a stop to that too," answered Penny. He promised the board would see the limits of dumping prescribed in each dumping permit for businesses would be enforced.

Penny said there wasn't much that could be done about the brook, as it continues to carry drinkable water according to the state tests.

Penny closed the meeting by asking Board member Charles E. Caldwell, who also serves on the Raw Sewage Committee, to request the committee provide recommendations on how much sewage should be permitted to be dropped at the dump. He also asked the board secretary to inform all sewage contractors they should appear at the board's September 26 meeting.

TEWKSBURY LIONS CONDUCT EYE CLINIC

About twenty Lions of the Tewksbury Lions Club, conducted their third annual eye clinic on Saturday, September 16th at the Tewksbury Junior High School. The Clinic was directed by Past King Lion Louis Halson.

Louie and his fellow Lions were assisted by five students from the Boston School Ophthalmology, under the guidance of Dr. Paul Montminy, a Tewksbury Lion.

Over two hundred youngsters, entering the first grade, were examined.

HOSPITAL FUND CONTRIBUTIONS

Relatives, friends and loved ones honored by contributions in their memory to the Wilmington Regional Hospital Building Fund, this week, include:

Timothy Coy lovingly remembered on his first anniversary by Miss Marilyn Reischel, Robert W. McEvoy (Somerville) brother of Fred McEvoy, lovingly remembered by Mr. and Mrs. Fred McEvoy.

Helen Francis Miller lovingly remembered and sadly missed on her seventy-sixth birthday.

Elizabeth Tucci, sister of Mrs. Helen Brady, from ITEK Follow Employees of Mrs. Helen Brady, Antonette Lavigne from Alice Leonard Chisholm, Grant Sanborn from Mr. and Mrs. Charles Ingalls, Jr.

Grant Sanborn from Mr. and Mrs. Anthony Zaccagnini, Grant Sanborn from Mr. and Mrs. Francis B. Loken.

Theresa M. Cote from Ralph and Rhonda Polioan, Theresa M. Cote, mother of Mrs. Patricia Lightfoot from Marilyn and Joe Lynch.

Theresa M. Cote, mother of Mrs. Patricia Lightfoot, from Mrs. Madge Sabre (Tewks.), Thomas McQuaid (Florida) husband of Gladys McQuaid from Marilyn and Joe Lynch.

Lawrence "Sporty" White, brother of Mrs. Kay Downing from Marilyn and Joe Lynch.

Theresa M. Cote, mother of Mrs. Patricia Lightfoot, from Mrs. Madge Sabre (Tewks.), Mr. and Mrs. Joseph Hyland (Florida) aunt and uncle of Frank Hyland, killed in auto accident, from Mr. and Mrs. Frank Hyland and Family.

Maria Micalizzi, grandmother of Miss Jacqueline Micalizzi, from Marilyn and Joe Lynch.

Frederick L. (Rick) Arsenault, Jr. on his twenty-eighth birthday - always remembered in every prayer, never forgotten by those who care - Mom, Dad, Linda and Glen.

Frederick L. (Rick) Arsenault, Jr. on his twenty-eighth birthday, lovingly remembered and sadly missed by his grandmother, Mrs. Janet Cameron (Bedford).

Frederick L. Arsenault, Jr. lovingly remembered on his twenty-eighth birthday by Charlotte and Herbert Jones.

Frederick L. Arsenault (Rickle) on his twenty-eighth birthday - A little tribute true and tender, just to show we still remember - The Woodlenses.

Estelle Johnston (Reading) from Mr. and Mrs. Brad Elliott, Mr. and Mrs. Al Roderick and Mr. and Mrs. Joe Lewis.

John S. Virtus, father of John T. Virtus, from Ed mund, Donald and David Deschenes.

Anthony Webster (Richmond, Va.) uncle of Mrs. Louise Smith, from Mr. and Mrs. Norman C. Smith, Elbel Daly, sister of Ivan Palmer, from Mr. and Mrs. Norman C. Smith.

Priscilla Jones, on her birthday, lovingly remembered by Herbert and Charlotte Jones.

Hospital Fund Auction Sunday, October 15th

Don't forget the gigantic Hospital Fund Auction coming up on Sunday, October 15th at the McNamara Tire Co. parking lot.

Many and varied items have been donated to the sale by citizens of Wilmington and many surrounding communities.

The dark cloud of two weeks ago, really did have a silver lining. Interest in the event has doubled since the previously collected items were destroyed by fire.

Anyone having articles to be donated, call Ray York or Ray McNamara who are co-chairmen of the affair, or Lil Woodside, fund secretary. You can reach Lil at 658-4478.

Gas company won't fight Explosion Complaint

A motion by Lowell Gas Co. not to contest a complaint stemming from an explosion that killed two men in its Tewksbury plant February 9 was taken under advisement by a representative of the U.S. Occupational Safety and Health Review Commission Tuesday.

Atty. Paul J. Dolan, representing Lowell Gas, made the motion to Joseph Chodes of the review commission at a hearing in the Post Office and McCormack Court House Building in Boston.

The U.S. Labor Department complaint was based on alleged unsafe practices at the Chapman Road facility when a tank of liquid propane gas exploded. A propane truck driver and firefighter died in the blast.

The complaint alleged the firm violated the Occupational Safety and Health Act February 9 by failing to furnish employees at the propane-air plant work and working conditions free from recognized hazards that were causing or were likely to cause death or serious physical harm.

Hazards specified in the complaint included:

- Not having an employee present at all times while a liquid propane tank truck was being unloaded.

- Not adequately protecting from physical damage the liquid-propane and vapor piping from the liquid transfer pump at the liquid-propane storage tanks to the two hose connections at the two liquid-propane tank truck unloading stations.

- Not thoroughly training employees who were unloading trucks in safe practices for handling liquified petroleum gases.

- Not providing remotely-controlled valves in the piping at each of the two hose connections at the two liquid-propane tank truck unloading stations to control the discharge of liquid-propane in the event of a pipe failure.

In making the motion, Dolan said the company would accept an April 11 Department of Labor citation for the alleged safety violations and a proposed \$500 penalty should Chodes accept the motion. Chodes has 30 days to decide the matter.

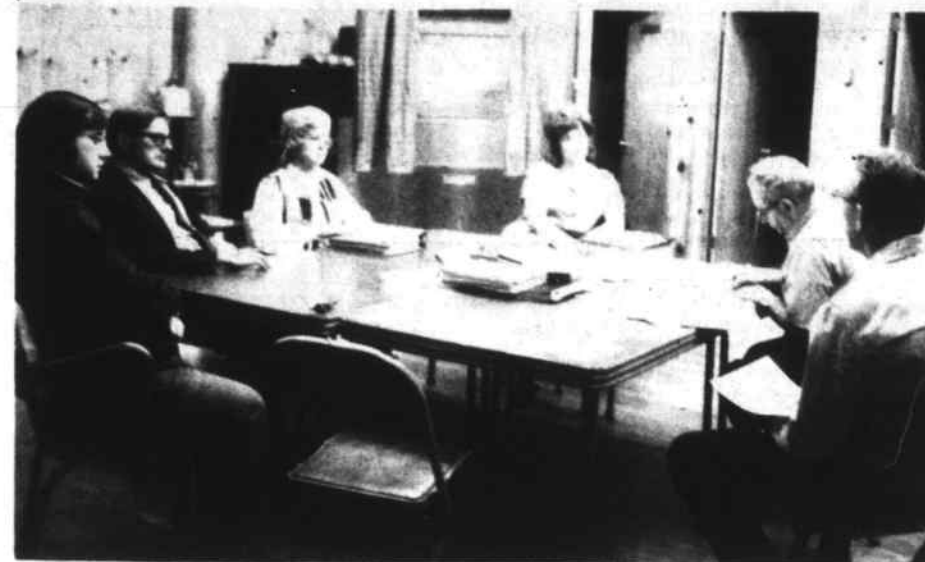

Dolan explained that since the February 9 blast, the plant hadn't been in operation. He said the violations would be abated when the plant was operating again, and

the firm would comply with the provisions of the Occupational Safety and Health Act with accompanying regulations.

Lowell Gas believed, he said, that a trial or hearing on the merits would involve consideration of novel and substantial questions of law, complicated issues of fact and law, testimony from numerous witnesses, both lay and expert in behalf of both parties, as well as consideration voluminous documents of a technical nature and that the trial or hearing would be lengthy and expensive to the parties and witnesses.

Dolan added, "the filing of this motion is not intended as an admission of fault or liability as to any other claims or proceedings by any person other than the parties to this proceeding, not is it intended that the disposition of this complaint by this motion be admissible in any state or federal court except in proceedings between the complainant, respondent and the Occupational Safety and Health Review Commission."

The gas company attorney presented the motion to Chodes after an hour-long closed door session with Chodes and attorneys for the Labor Department. When the hearing was brought into public after an 80-minute recess, Dolan read the motion and Chodes ended the hearing.

LEO WOODSIDE: Younger member of the Woodside family of the Wilmington Center Pharmacy, was elected to the Wilmington Housing Authority last week, in a combined meeting of the WHA and Selectmen. He is shown at left, in the WHA meeting at Deming Way, after his election.

Higgy has A Tale or Two

Mrs. Madelyn Higginbotham of Adams Street is an ardent worker in the political fields, just before elections. She always has an amusing tale or two to tell.

The telephone is today utilized by nearly every candidate, and part of Higgy's duties was to man the telephone. And, as her friends will tell anyone, Higgy is on the 'spritly' side of 70.

There are some people who are unhappy at being called, Higgy says. Sometimes she can sympathize with them.

The one who gave her the biggest chuckle was the man in his early sixties who growled at Higgy that he didn't need 'you chicks calling me and telling me how to vote!'

STEVE COURSEY: Reports: At the Wilmington American Legion installation, last Saturday, high school student Steve Coursey delivered a full report of his week at Boys' State, as a guest of the American Legion. Steve's report was well received.
